

Left-Hand Rewind

Slot in flange

Right-Hand Rewind

Slot in flange

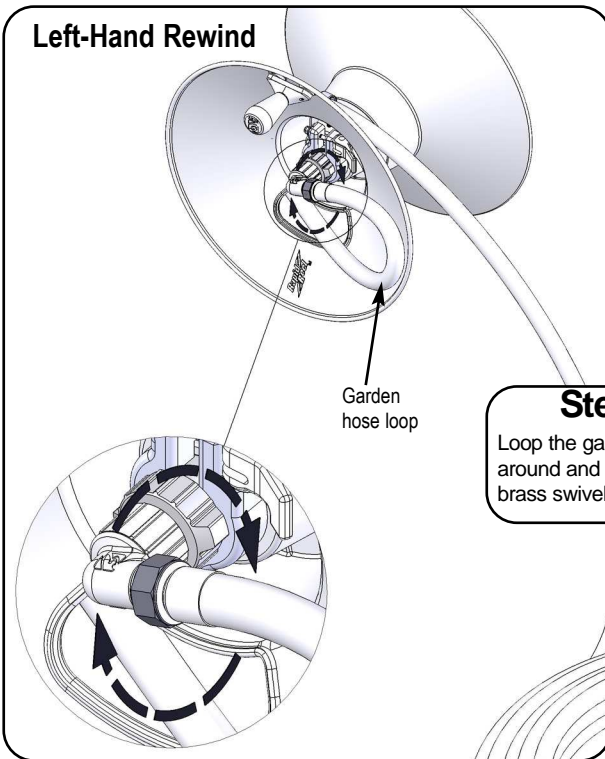

Step 22

Feed the female end of the garden hose through the slot in the flange, (as shown) and insert the **Kink-Free Spring** into the hose, with narrow end first. The wider, tapered end keeps the spring from sliding down the hose.

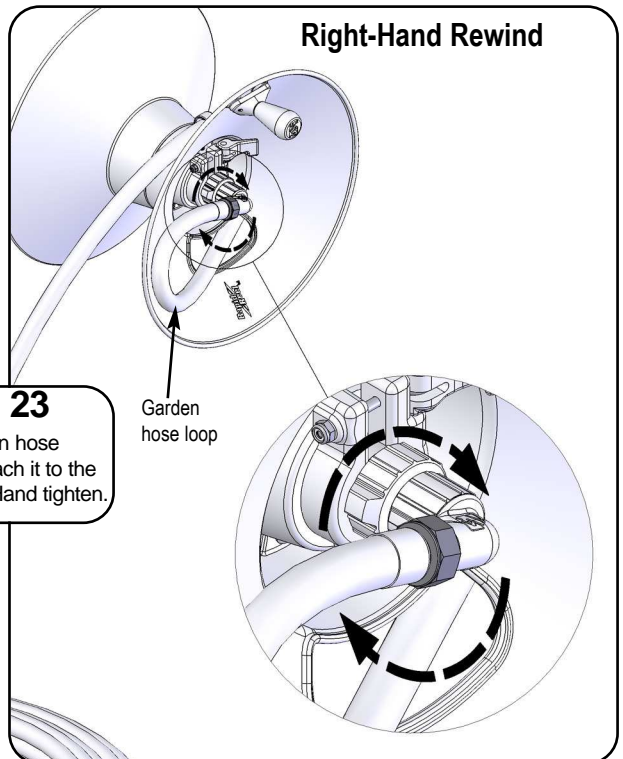

Left-Hand Rewind

Garden hose loop

Right-Hand Rewind

Garden hose loop

Step 23

Loop the garden hose around and attach it to the brass swivel. Hand tighten.
